2022 Chapel Hill Community Survey Results.

Staff:

Maurice Jones, Town Manager
Sabrina Oliver, Director

Department:

Manager’s Office
Communications and Public Affairs

Overview: Overview: Every two years, the Town asks the community about their perceptions of Town services, and we compare the results to other similar cities. We also examine the trends from our survey results over the past decade. The survey informs the Town’s strategic planning and operations. Survey results are posted at www.townofchapelhill.org/survey

☆ **Recommendation(s):**

That the Council receive the report.

Background:

- ETC Institute mailed the survey to 2,800 randomly selected Chapel Hill households in January and February 2022. Respondents could complete the survey by mail, via an online link or by telephone. Translation was offered in preferred languages upon request.
- Benchmarking analysis helps us understand how we compare to similar communities.
- ETC has administered surveys in more than 1,000 cities and counties across the U.S.

Fiscal Impact/Resources: The survey assists the Council and Town Manager in budgeting resources to meet community interests. The survey project cost of \$19,502 was included in the 2021-22 Budget.
