Overview: Receive an update on the Municipal Services Project and consider a new location at University Place.

Recommendation(s):

That the Council receive this update and authorize the Town Manager to explore a business arrangement and options for approval under the Town's Land Use Management Ordinance.

Key Issues:

- The site on Estes Drive Extension is no longer an option for the Municipal Services Center.
- Town staff has evaluated other options for locating the project and would like to receive the Council's guidance on next steps.

Fiscal Impact/Resources: The Town currently has funding earmarked for this phase of work, from the sale of the Old Library at 523 E. Franklin Street. Construction of the project will require an installment financing supported by the new building and will use a portion of the Parks and Recreation Facilities bonds to pay for the portion of the building used for Parks & Recreation Administration.
